

Gas Measurement & Regulation Technician – West Seneca, NY

National Fuel has an immediate, full-time opening for a **Gas Measurement & Regulation Technician** at our Mineral Springs distribution center in **West Seneca, NY**. National Fuel is proud to have an inclusive workplace where diversity is valued, hard work is rewarded and promotion from within is supported. We offer exciting career opportunities for talented and ambitious job seekers and encourage you to apply today.

PRIMARY RESPONSIBILITIES:

- Installation and maintenance of gas system pressure regulation equipment, gas measurement/metering equipment, electronic flow control devices, mainline control valves, and system odorization equipment. Assist with gas system shutdowns as part of both routine maintenance activities, replacement work, and during emergencies. Respond to call outs involving gas system flow control and pressure regulation.

MINIMUM QUALIFICATIONS:

- Associate's Degree in Electronics or equivalent work experience
- Ability to work independently, on a two person crew, or as part of a team to accomplish system critical functions
- Strong mechanical aptitude
- An understanding of pressure systems, gas flow, purging, pilot operated regulators, regulator stations, orifice metering, and pneumatic control systems
- Prior experience in the installation, repair and troubleshooting of electronic pneumatic and mechanical equipment is essential
- Ability to work outdoors in all types of weather and around potentially hazardous and/or difficult to reach areas
- Basic literacy is required. Ability to read, accurately interpret and analyze written information and legibly prepare written documentation
- Possess basic level of computer literacy, view and interpret maps/records, learn new software systems and electronic field applications
- Ability to communicate both verbally and written including documentation of critical inspection work
- Ability to learn in both a classroom setting and field setting in order to pass written and hands on gas industry qualification testing
- Valid driver's license
- Availability to work Monday through Friday during business hours but also off hours, weekends, and holidays

PREFERRED QUALIFICATIONS:

- Previous experience working as a Gas Measurement & Regulation Technician
