

NATIONAL FUEL GAS STORAGE ENGINEER

National Fuel Gas Company (NYSE:NFG) is a diversified energy company with its headquarters in Williamsville, New York. The company's assets are distributed among four main business segments: Exploration and Production, Utility, Pipeline and Storage and Energy Marketing. National Fuel's history dates to the earliest days of the natural gas and oil industry in the United States and the Company has been responsible for many industry firsts.

National Fuel is currently seeking an Engineer to join the Gas Storage Department at corporate headquarters in Williamsville, New York. As a member of the National Fuel team, you will enjoy an exciting and challenging work environment in a strong and growing company.

Storage Engineers serve as integral members of a team responsible for insuring the safety, integrity, performance, and development of our natural gas storage fields located in western New York and northwestern Pennsylvania. The successful candidate will have the following responsibilities related to maintaining and developing the company's storage assets:

- Assist in the development and execution of expansion and green field projects
- Perform inventory verification and deliverability maintenance for existing storage fields
- Implementation of other reservoir engineering projects
- Provide supervision of field personnel

This position requires a minimum of a Bachelor of Science degree. A degree in Petroleum Engineering is preferred. Previous experience in storage, reservoir, or production engineering is desirable. Strong written and oral communication skills, self-motivation and attention to detail are required. The successful candidate must be able to concurrently manage multiple projects in a time and cost effective manner.

The salary for this position will be commensurate with the candidate's skills and experience. Candidates responding to this ad must refer to the job title and position number in their correspondence. For confidential consideration, please submit your resume, cover letter and transcripts by February 22, 2012 to:
