

Resume 678

OBJECTIVE

Highly motivated and dedicated professional to secure a position with your company utilizing my skills, training, and experience as an *Auto Mechanic, Diesel Mechanic, Auto Body Technician*.

SUMMARY OF QUALIFICATIONS

- Over 20 years of experience in the auto industry as a mechanic working in various industries including private and commercial body shops; performing maintenance and repair on multiple engine types, body repair, exhaust, brakes, tires, rotors, etc.
- Strong skilled in customer service; providing excellent communication throughout the entirety of a vehicle repair explaining the issues detecting and the process in which they will be rectified to the satisfaction of the customer.
- Experienced and knowledgeable with navigating and performing maintenance on diesel engines in various capacities.
- Skilled in the utilization of various pneumatic tools including jacks, wrenches, ratchets as well as numerous hand tools like hammers, screwdrivers, volt-ohm electrical meters, OBD code readers etc.
- Strong communications, analytical, and problem-solving skills
- Multi-tasks effectively, learns new systems quickly, and completes all assignments on time or ahead of schedule
- Familiar with using computers, Windows, Internet research, and email
- Works well independently or collaboratively in a team environment

PROFESSIONAL EXPERIENCE

09/19 – 01/20 *Auto Mechanic Technician*

KIPO Motors, Ransomville, NY

- Align wheels, axles, frames, torsion bars, and steering mechanisms of automobiles, using special alignment equipment and wheel-balancing machines
- Repair and service air conditioning, heating, engine cooling, and electrical systems
- Tune automobile engines to ensure proper and efficient functioning
- Repair, replace, or adjust defective fuel injectors, carburetor parts, and gasoline filters
- Diagnose and replace or repair engine management systems or related sensors for flexible fuel vehicles (FFVs) with ignition timing, fuel rate, alcohol concentration, or air-to-fuel ratio malfunctions.

01/07 – 09/19 *Auto Mechanic Technician*

Monro Auto Service & Tire, North Tonawanda, NY

- Conduct visual inspections of compressed natural gas fuel systems to identify cracks, gouges, abrasions, discoloration, broken fibers, loose brackets, damaged gaskets, or other problems.
- Troubleshoot fuel, ignition, and emissions control systems, using electronic testing equipment
- Confer with customers to obtain descriptions of vehicle problems and to discuss work to be performed and future repair requirements
- Perform routine and scheduled maintenance services, such as oil changes, lubrications, and tune-ups.
- Test and adjust repaired systems to meet manufacturers' performance specifications
