## EXPERIENCE

02/15 - 2022.

### **Team Lead/Production**

North American Hoganas – Niagara Falls, NY

- Supervised and worked alongside up to 6 production specialists in the production of powdered metals; guided and directed the safe operations of furnaces up to 1850° F and ensured product quality
- Processed domestic and international customer orders for automotive manufacturing, food products, water filtration, landfill remediation, and more
- Coordinated production scheduling with upper management; reassessed and reprioritized as needed
- Conducted pre-work meetings to review shift production goals
- Cross-trained new production personnel
- Generated work orders for plant maintenance personnel/millwrights and scheduled Lock-Outs and Tag-Outs for designated equipment accordingly
- Secured random material samples for each production run to ensure compliance and quality according to customer specifications

08/14-02/15

### **Production Manufacturing Technician**

Welded Tube of USA – Lackawanna, NY

- Loaded nine-ton steel coils/slits onto turnstile using overhead crane
- Straightened coils and sent metal sheets through a mill, then welded and fabricated into steel pipe
- Performed quality inspections of pipe to ensure proper fabrication specifications using calipers, pin and other micrometers, as well as snap ring and plug gauges

03/97-08/14

### **Team Lead/Back Tender/Winder Operator/Winder Assistant**

Norampac – Niagara Falls, NY

- Promoted steadily throughout employment tenure
- Supervised up to eight employees, manufacturing of recycled paper; produced 20,000-pound rolls
- Credited with contributing to a team that set plant record of producing 460 net tons of finished paper
- Assisted with interviewing/assessing candidates and training of new employees
- Performed regular inventory control; notified upper management of surpluses and deficiencies
- Sized and cut paper to customer specifications, performed final quality inspections, and affixed printed bar codes for shipping throughout the US, Canada, and Mexico
