

## OBJECTIVE

Highly motivated, knowledgeable, well-organized, and results-driven professional to secure a position with your company or organization *in Production, Machine Operation, or in a Warehouse setting, or as applicable*, utilizing my extensive skills, training, and experience

## SUMMARY OF QUALIFICATIONS

- Over 15 years' experience as a Machine Operator for a corporation producing products, supplying clients worldwide, guiding, directing employees, motivating individuals to maximize production output, overseeing loss prevention, and meeting and/or exceeding all daily goals and objectives
- Utilized as a knowledgeable and respected resource, the "go-to" professional, regarded highly by peers, workers, and upper management, providing objectivity, clarity of thought, trusted for developing well-informed decisions, and resolving complex technical production and product deliverability issues through the formulation of achievable action plans when others cannot
- Experience in various Production settings, consistently meeting and/or exceeding all daily production goals, objectives, and quotas, trained and fully compliant with all OSHA safety rules and regulations, as well as strict adherence to all Lock-Out/Tag-Out protocols and procedures, as well as the necessary wearing of various PPE
- Trains new personnel upon supervisor requests, including providing plant orientation, delegating work orders, monitoring all work activities for quality, expediency, and safety, conducting performance evaluations with written reports, and consulting with upper management for employee status/progress reports
- Performs regular inventory control utilizing hand-held scanners on all incoming/outbound shipments, notifying appropriate personnel of surpluses and deficiencies for supply chain replenishment
- Experienced packaging/packing a wide range of products, preparing and/or affixing labels/postage in preparation to ship materials and/or products
- Multitasks efficiently, learns new systems quickly, and completes all projects on time or ahead of critical deadlines
- Leverages technology to enhance productivity, Windows, MS Office, data entry, including to record shipment data, weight, charges, damages, and discrepancies, and more
- Works well independently or collaboratively in a team environment
