

THIRD PARTY RISK MANAGEMENT ANALYST – WILLIAMSVILLE, NY

National Fuel is currently seeking a **Third Party Risk Management Analyst** for an outstanding career opportunity in our **Information Security** department located at our corporate headquarters in Williamsville, NY. As a member of the National Fuel team, you will enjoy an exciting and challenging work environment where top performance is recognized and rewarded. This is a full-time position with hybrid work model availability.

PRIMARY RESPONSIBILITIES:

- Assess and evaluate the effectiveness of third-party vendors information security program.
- Perform an in-depth risk analysis of proposed vendor relationships and ensure risk mitigation.
- Leverage a risk-based approach to ensure appropriate security principles and controls are applied, discover gaps, propose and/or approve remediation, and communicate residual risk to business units and management.
- Perform continual monitoring of the cyber health for active vendor solutions, address concerns and risks.
- Coordinate vendor management related procedures with business support analysts and business partners.
- Document and maintain policies, procedures, and security best practices as related to third-party risk management.
- Prepare and deliver management level presentations to communicate trends and threats to the organization.
- Contribute to the development, maintenance, and reporting of InfoSec metrics.
- Understand information security program best practices to ensure protection of the confidentiality, integrity, and availability of customer and corporate data is in line with the enterprise risk appetite.
- This position is hybrid and will have an onsite requirement.

MINIMUM QUALIFICATIONS:

- Strong knowledge of cybersecurity principles and industry best practices.
- Bachelor's degree in Information Security, Information Systems, or related discipline and 3+ years of direct experience; relevant/specialized training and experience may be substituted in lieu of degree.
- Working knowledge of the NIST 800-53 (National Institute of Standards & Technology) Controls.
- Strong oral and written communication skills, proven technical abilities and strong computer skills.
- Working knowledge of Confidentiality, Integrity, and Availability (CIA) concepts.

PREFERRED QUALIFICATIONS:

- CISA, CRISC, CISSP, or CompTIA Security+ certification preferred or related experience.
